MOV STUDIO v3.0

MOV FITNESS APP

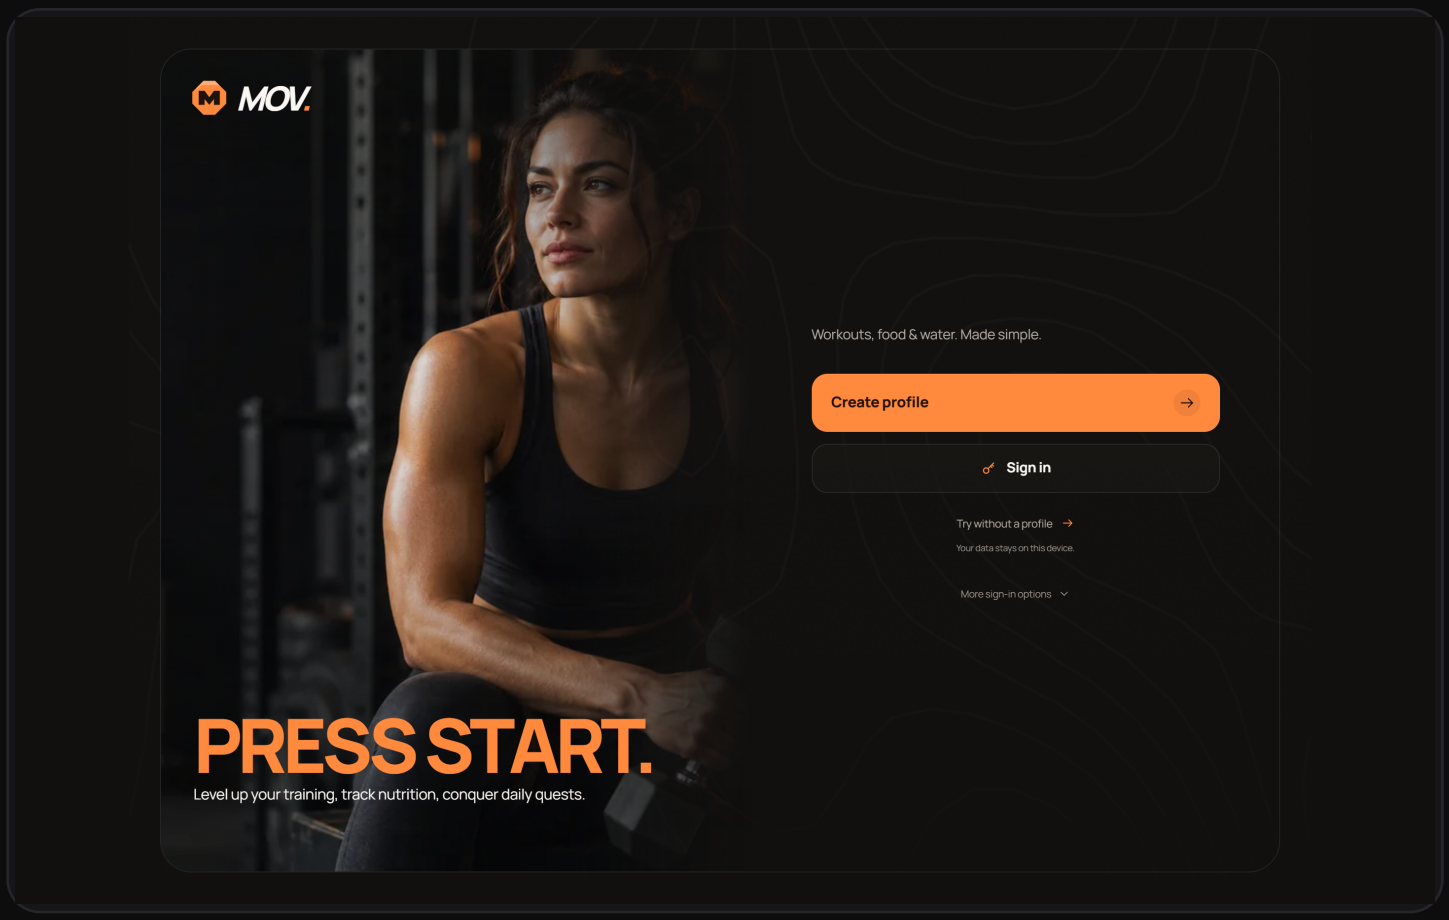

Complete Application Screen Showcase

Comprehensive UI/UX portfolio showcasing all 26 core production screens of the MOV athletic training, sports tracking, nutrition & RPG fitness system. Built with StageShow fluid animations, native dark-mode typography, and science-backed MET energy calculations.

26 SCREENS	5,600+ LIFTS	5 RPG STATS	100% OFFLINE
Production UI	Exercise Library	Agility, Endurance, Str...	Private & Fast

Desktop Welcome & Hero Portal

Wide-screen responsive presentation featuring editorial athletic photography, quick sign-in, and feature overview.

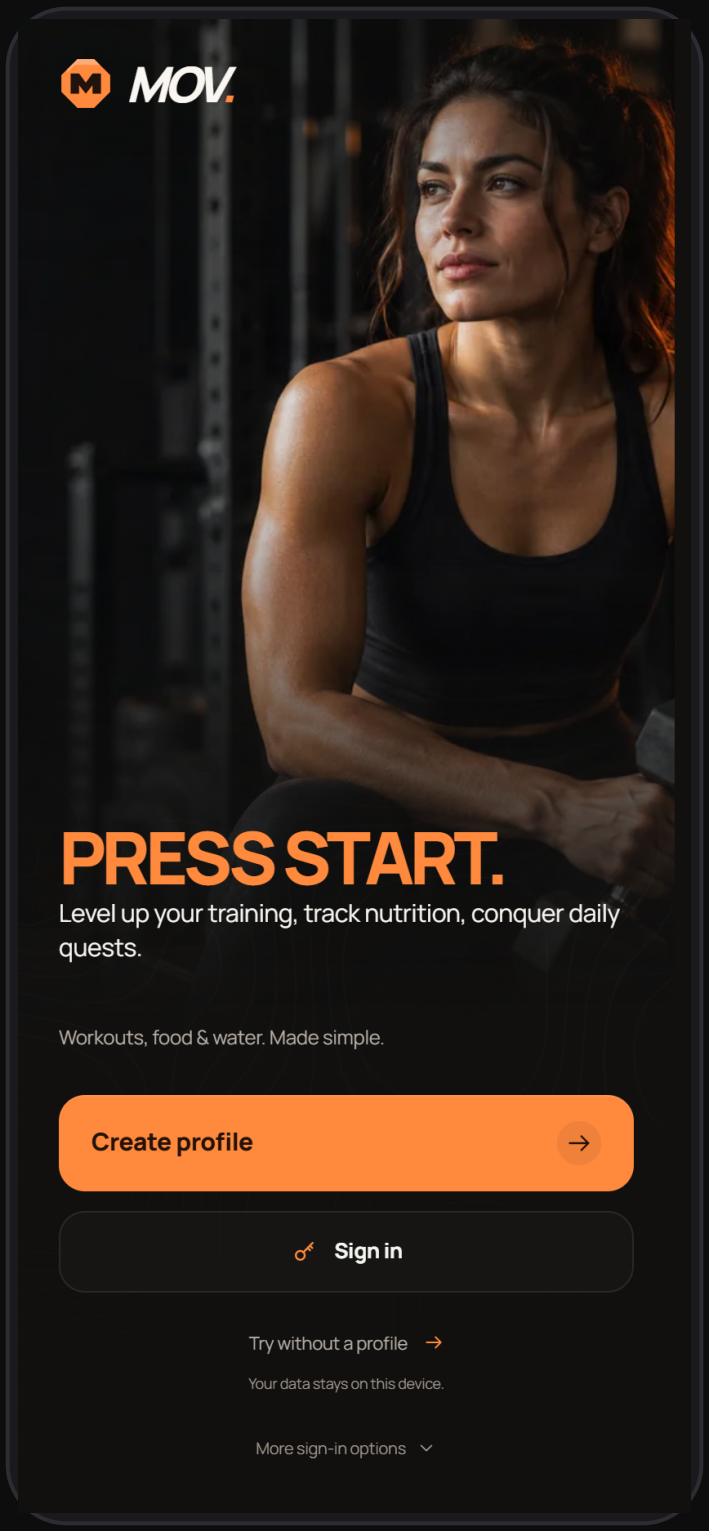

KEY ARCHITECTURAL HIGHLIGHTS:

- 1080p responsive desktop layout with backdrop blur
- Direct passkey and credential-less authentication
- Editorial visual identity and brand typography

Mobile Welcome & Press Start

Studio mobile entry screen with seamless guest mode, biometric passkey login, and account creation.

CORE CAPABILITIES

01 **Iconic 'PRESS START' arcade-inspired call to action**

02 **Instant guest exploration with zero forced sign-up**

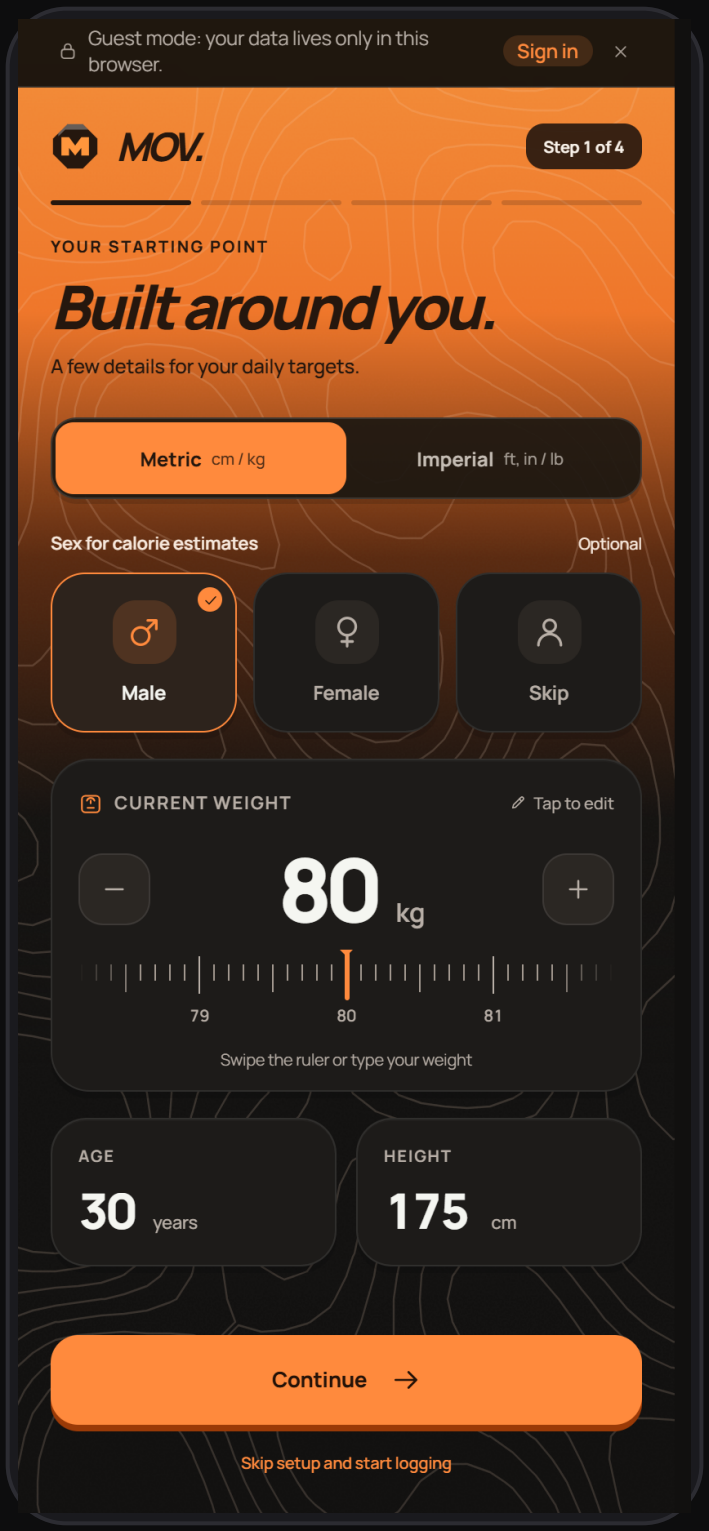

03 **WebAuthn / Passkey biometric unlock**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**01_welcome_login.png**
Resolution	**824 × 1830 Native Hi-DPI**

Onboarding Step 1 — Biometrics & Body

Personalized physiological profiling with sex, height, current body weight, and date of birth.

CORE CAPABILITIES

01 **Live metric / imperial unit switcher (kg / lb)**

02 **Calculates baseline BMR and energy expenditure**

03 **Studio steppers with fluid tap feedback**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**02_onboarding_step1_biometrics.png**
Resolution	**824 × 1830 Native Hi-DPI**

Onboarding Step 2 — Goal & Target Weight

Target selection for fat loss, muscle building, athletic strength, or maintenance with custom target weight.

CORE CAPABILITIES

01 **Smart goal presets with weekly adjustment corridors**

02 **Custom target weight picker with timeline estimation**

03 **Calorie deficit / surplus auto-calibration**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**03_onboarding_step2_goal.png**
Resolution	**824 × 1830 Native Hi-DPI**

Onboarding Step 3 — Activity & Schedule

Weekly training frequency, daily activity multipliers, and preferred workout split selection.

CORE CAPABILITIES

01 **2 to 6 day training split recommendations**

02 **Occupational and athletic lifestyle profiling**

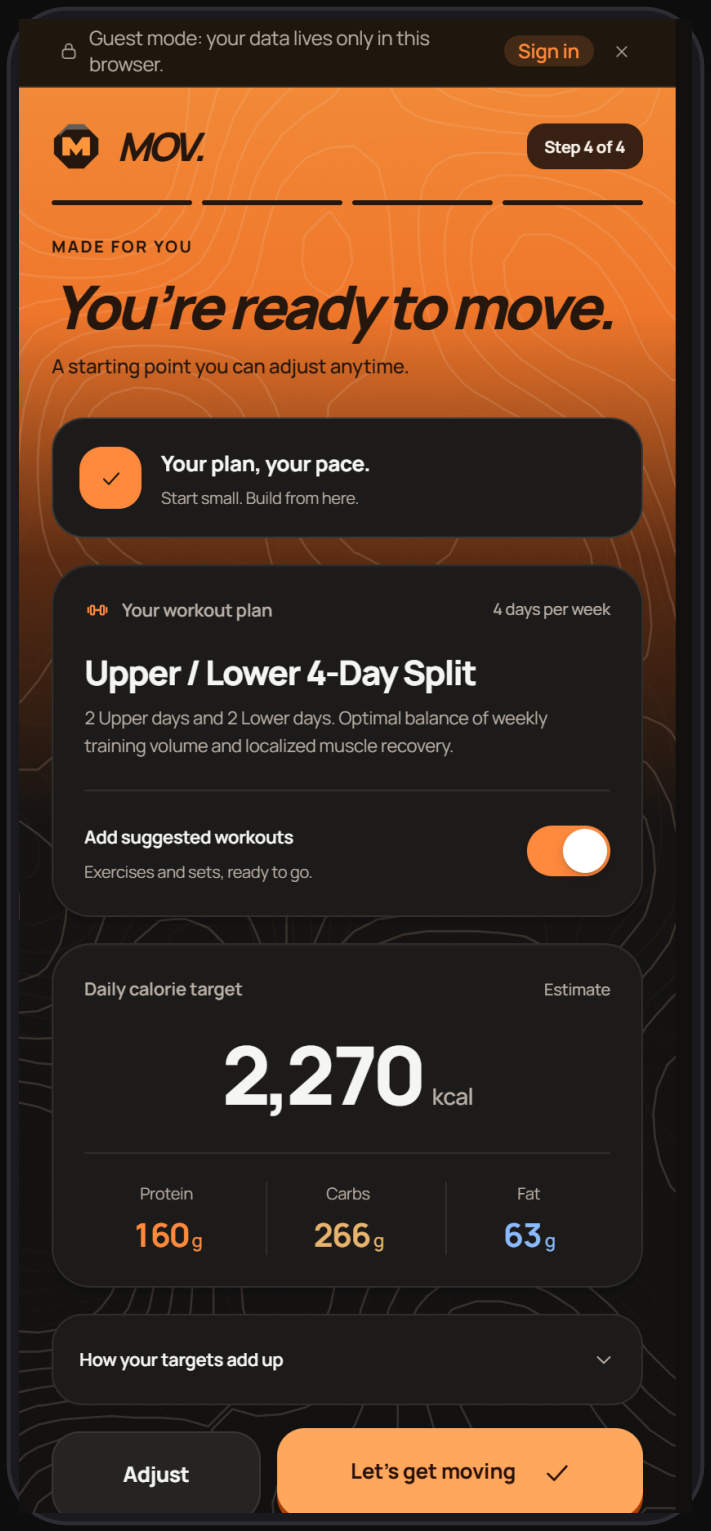

03 **Adaptive rest day scheduling**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**04_onboarding_step3_activity.png**
Resolution	**824 × 1830 Native Hi-DPI**

Onboarding Step 4 — Personalized Plan Generation

Algorithmic generation of custom training cycle, starter routines, and personalized nutrition targets.

CORE CAPABILITIES

01 **Full workout preview before committing**

02 **Dynamic daily calorie and protein targets**

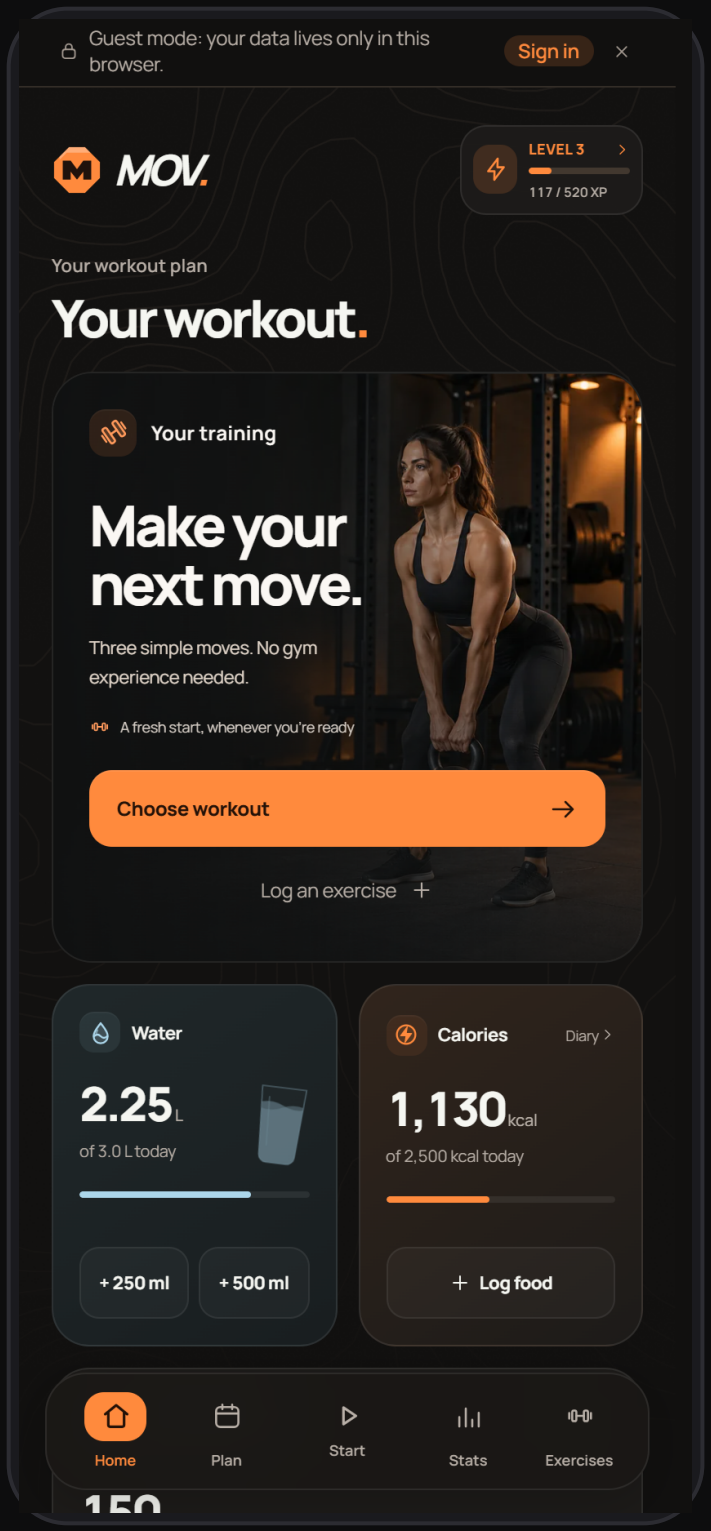

03 **Starter plan load into local storage**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**05_onboarding_step4_plan_review.png**
Resolution	**824 × 1830 Native Hi-DPI**

Home Action Dashboard

The primary daily command center: next planned session, water tracking, calories, and Sports & Activities.

CORE CAPABILITIES

01 **Daily workout hero card with resume/start actions**

02 **Sports & Activities quick-launch pill row (Padel, Cricket,**

03 **Dynamic hydration progress glass and calorie ring**

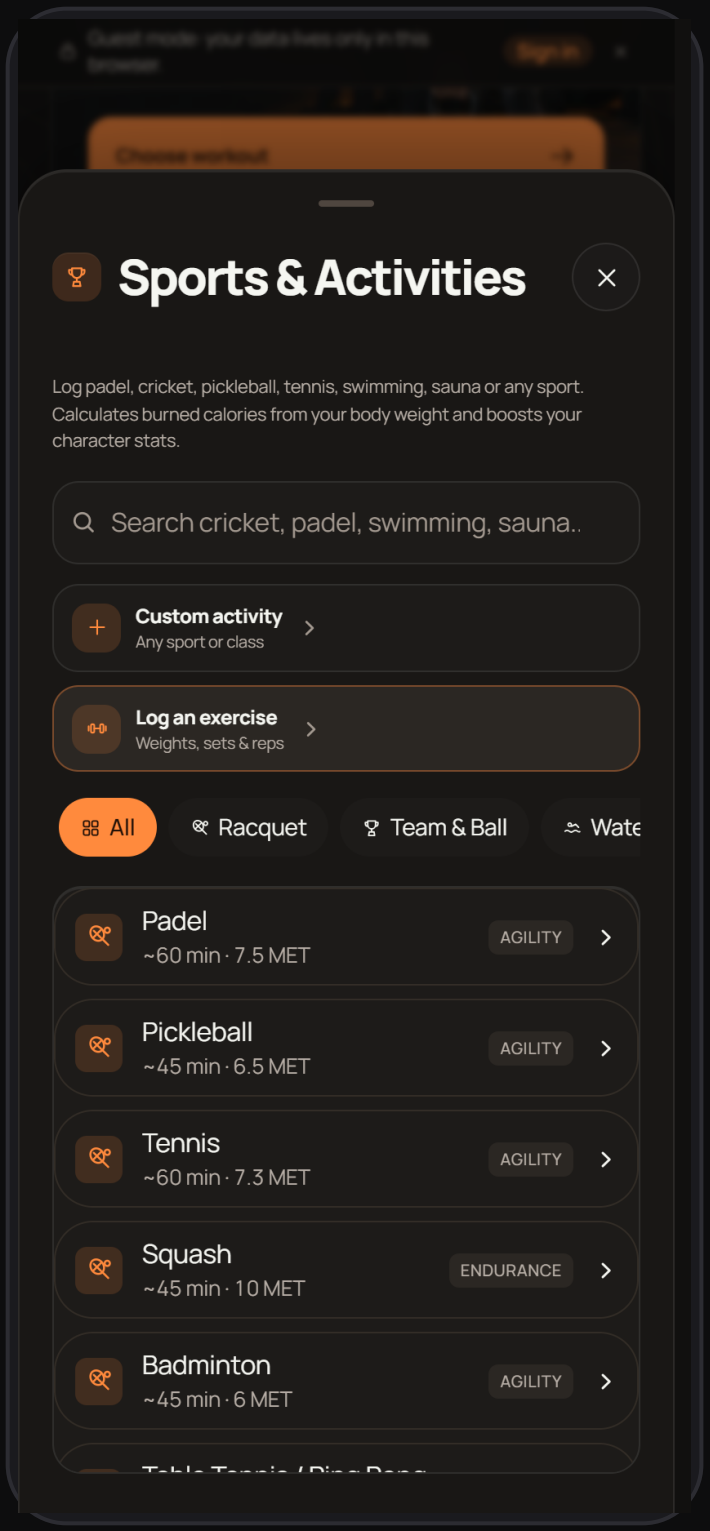

04 **Daily quests and active weekly streak flame**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**06_home_dashboard.png**
Resolution	**824 × 1830 Native Hi-DPI**

Sports, Activities & Recovery Log Sheet

Expanded sports catalogue featuring Cricket, Padel, Pickleball, Swimming, Sauna, and a Custom Activity Builder with MET-based calorie

CORE CAPABILITIES

01 **Full sport selector with Cricket, Racquet, Team & Comba**

02 **Custom activity builder with MET intensity configuration**

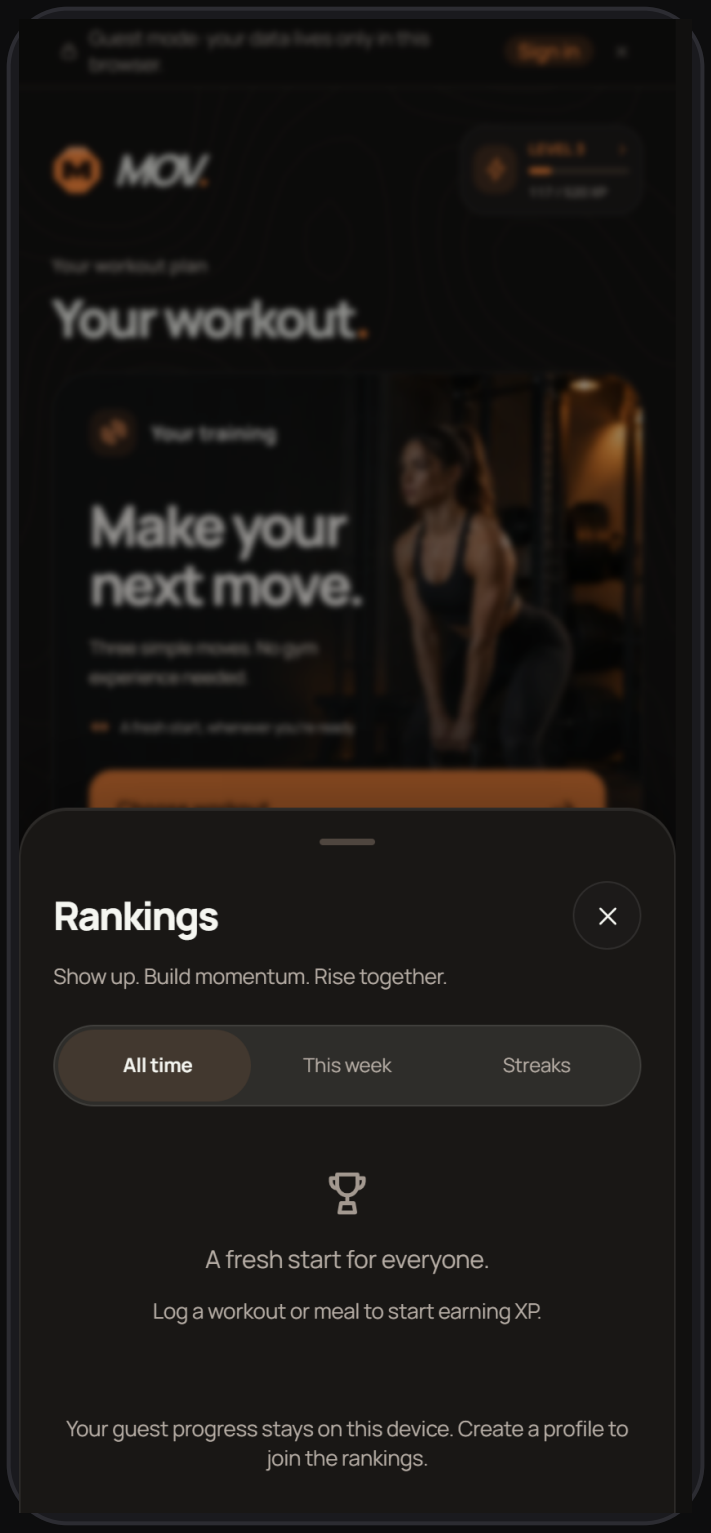

03 **Real-time calorie burn & RPG attribute boost calculation**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**06b_sports_activities_sheet.png**
Resolution	**824 × 1830 Native Hi-DPI**

Global Rankings & Top 3 Podium

Olympian podium showcasing 1st, 2nd, and 3rd rank champions with dynamic metallic tier crowns and trophies.

CORE CAPABILITIES

01 **Gold, Silver, and Bronze animated podium pedestals**

02 **Rank, avatar, and total XP leaderboards**

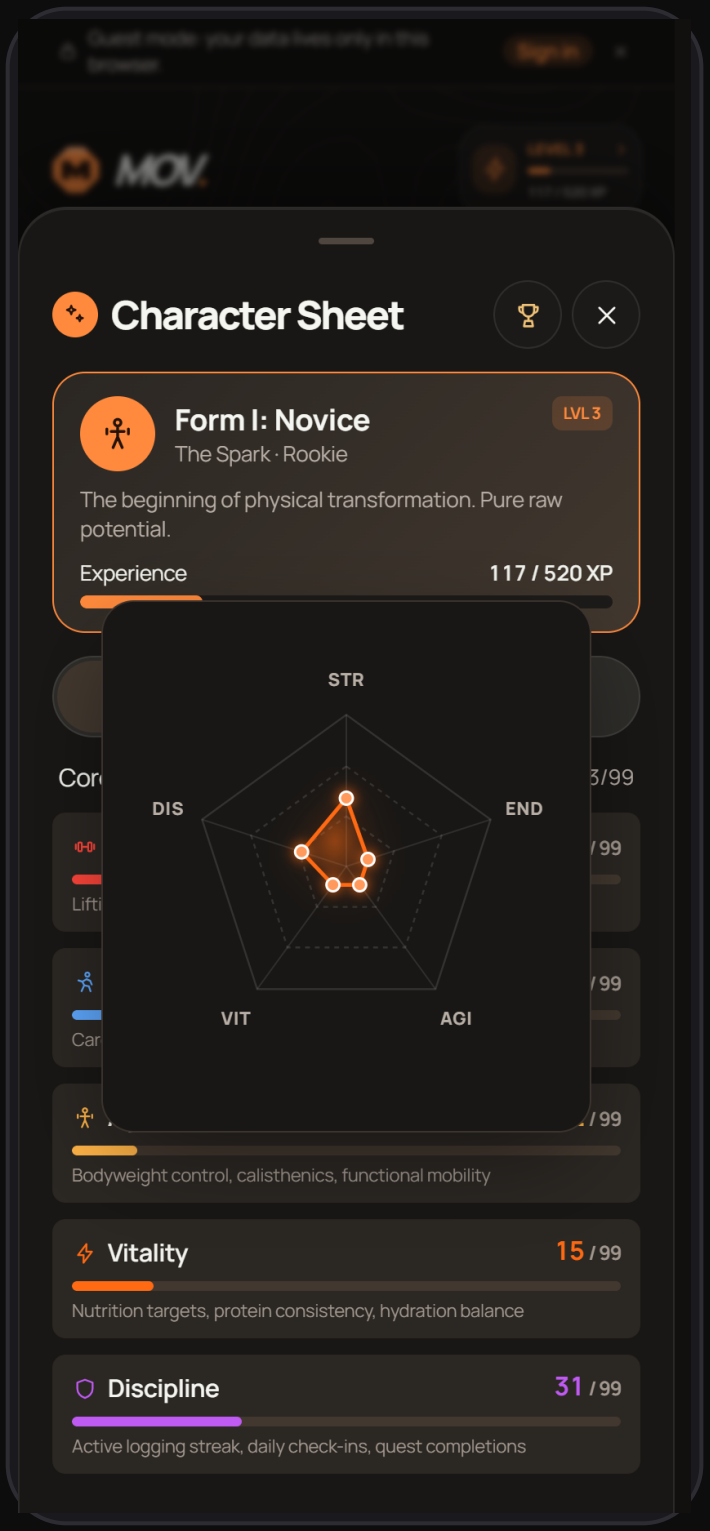

03 **Weekly league promotion and relegation brackets**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**07_leaderboard_modal.png**
Resolution	**824 × 1830 Native Hi-DPI**

Character Sheet & RPG Radar Chart

Spider polygon radar visualizing Strength, Agility, Endurance, Vitality, and Discipline attributes.

CORE CAPABILITIES

01 **5-axis geometric spider chart with live canvas math**

02 **Sports and lifting sessions directly boost player attribute**

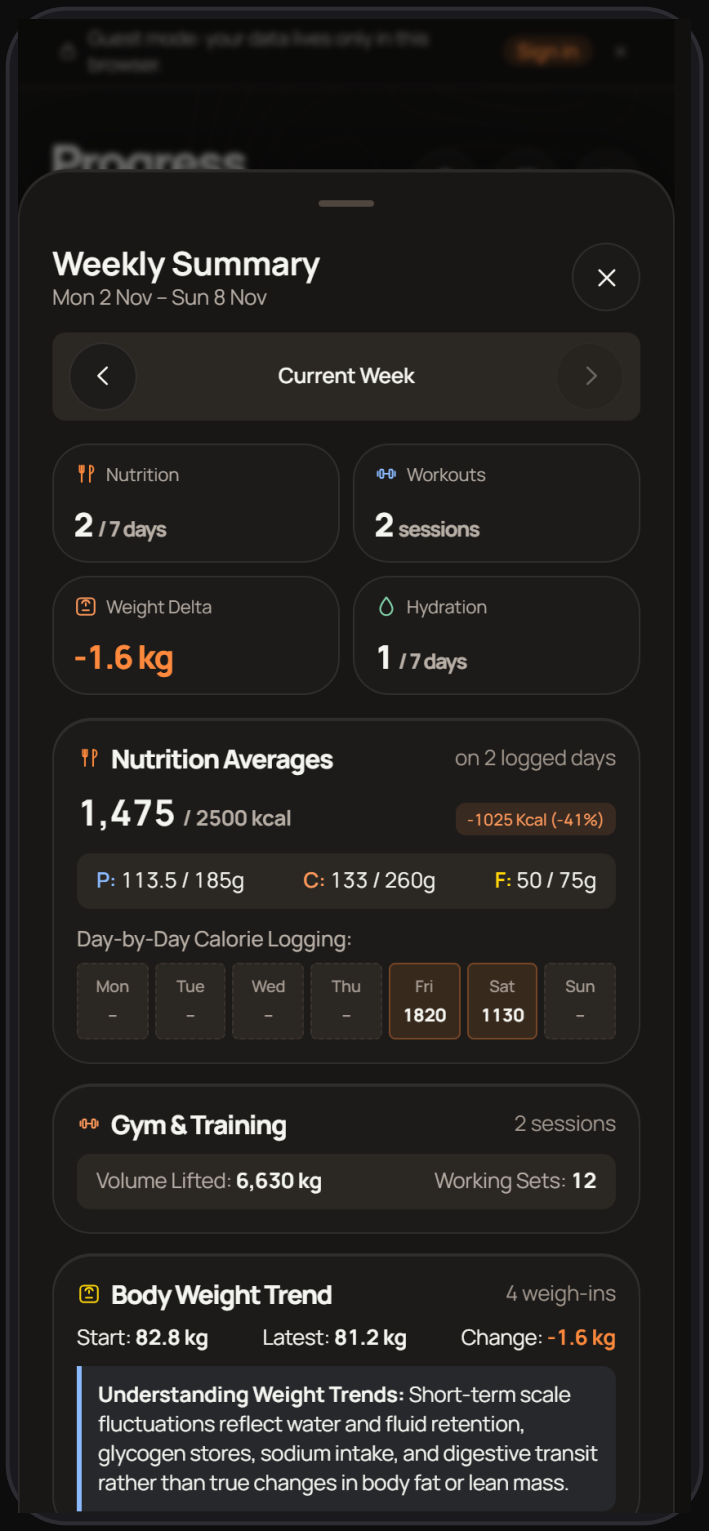

03 **Character level, title badge, and tier unlock progression**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**08_character_sheet_modal.png**
Resolution	**824 × 1830 Native Hi-DPI**

Weekly Summary & Performance Review

Consolidated end-of-week breakdown: total volume tonnage, workout count, active minutes, and consistency.

CORE CAPABILITIES

01 **Total weekly lifting tonnage and set count**

02 **Day-by-day attendance heatstrip**

03 **Consistency score and motivational coaching feedback**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**09_weekly_summary_modal.png**
Resolution	**824 × 1830 Native Hi-DPI**

Food Diary & Macro Liquid Tubes

Daily meal diary with animated liquid tubes for Protein, Carbs, Fat, and Calories, plus 5-day date strip.

CORE CAPABILITIES

01 **Liquid tube glass cylinders with wave bubble animations**

02 **5-day rolling date selector pill strip**

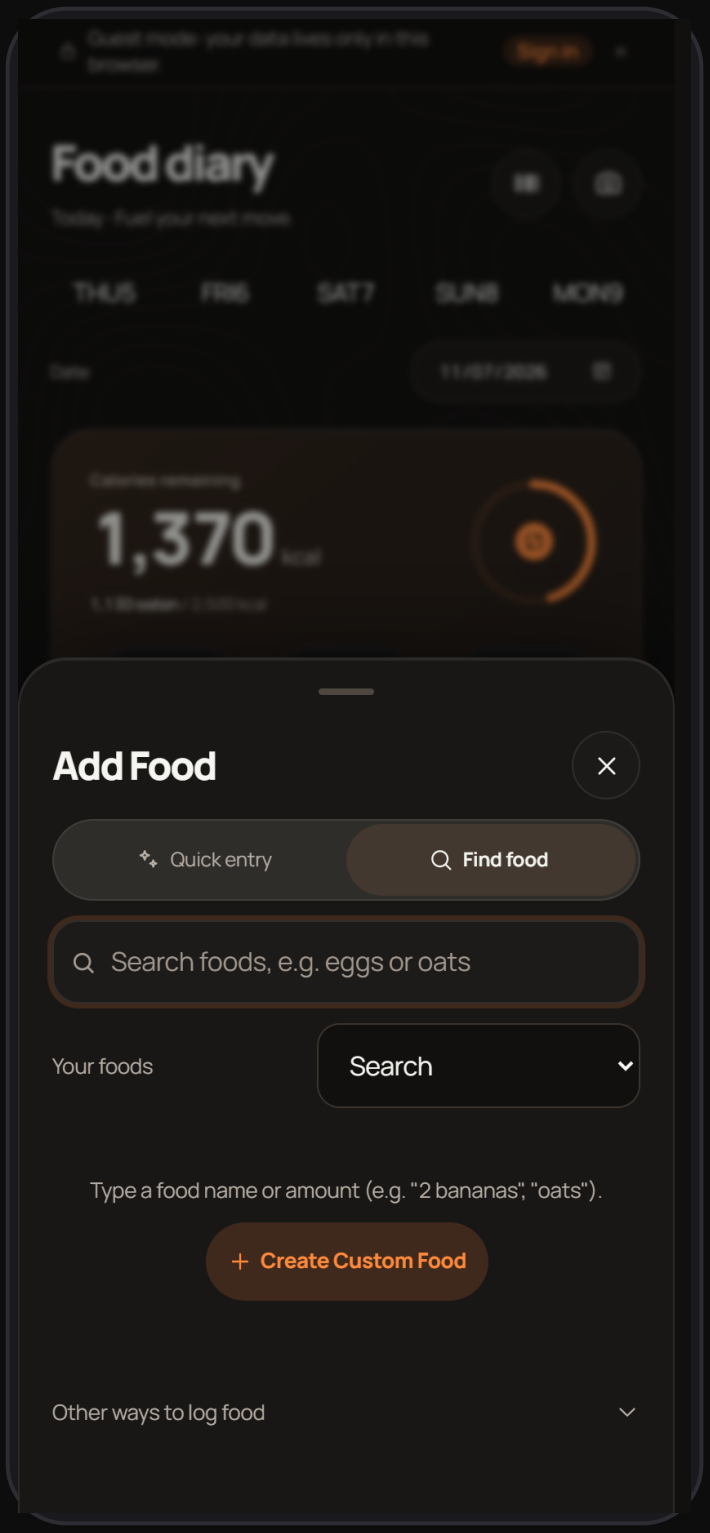

03 **Meal breakdown by Breakfast, Lunch, Dinner, and Snack**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**10_food_diary.png**
Resolution	**824 × 1830 Native Hi-DPI**

Food Search & Nutrition Database

Instant searchable food pantry with macro scaling, grams/portions conversion, and favorite bookmarks.

CORE CAPABILITIES

01 **Instant debounced search over comprehensive food dat**

02 **Smart portion picker with auto gram conversions**

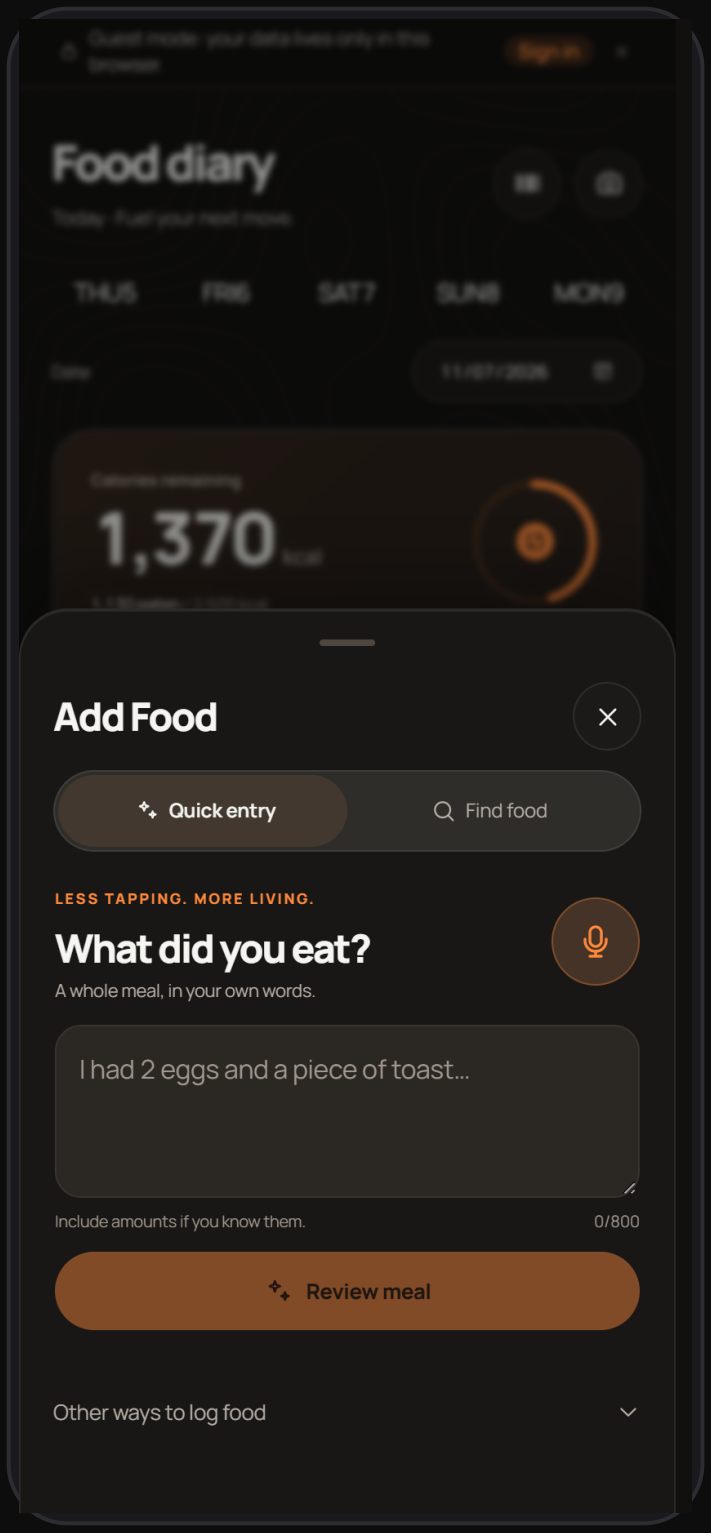

03 **Favorite and recently logged quick-tap lists**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**11_food_search_sheet.png**
Resolution	**824 × 1830 Native Hi-DPI**

AI Natural Language Meal Logger

Type or speak meals conversationally (e.g. '2 eggs, avocado toast and black coffee') for instant parsing.

CORE CAPABILITIES

01 **Natural language ingredient and portion extraction**

02 **Automatic macro breakdown estimation**

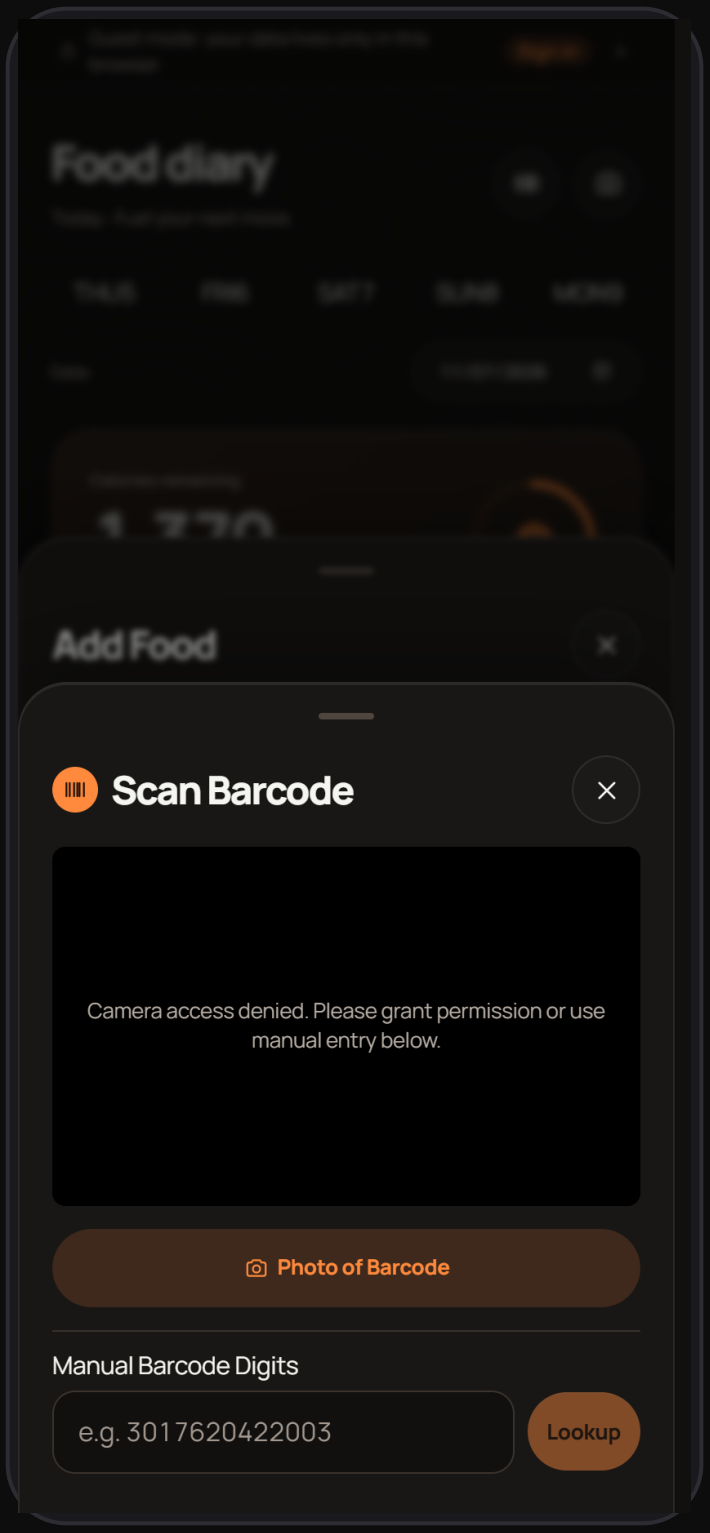

03 **Zero typing required with voice dictation support**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**12_food_nlp_describe.png**
Resolution	**824 × 1830 Native Hi-DPI**

Instant Camera Barcode Scanner

Fast camera barcode recognition supporting packaged foods, UPC/EAN codes, and instant nutritional import.

CORE CAPABILITIES

01 **Hardware-accelerated camera scanner viewfinder**

02 **Instant OpenFoodFacts lookup**

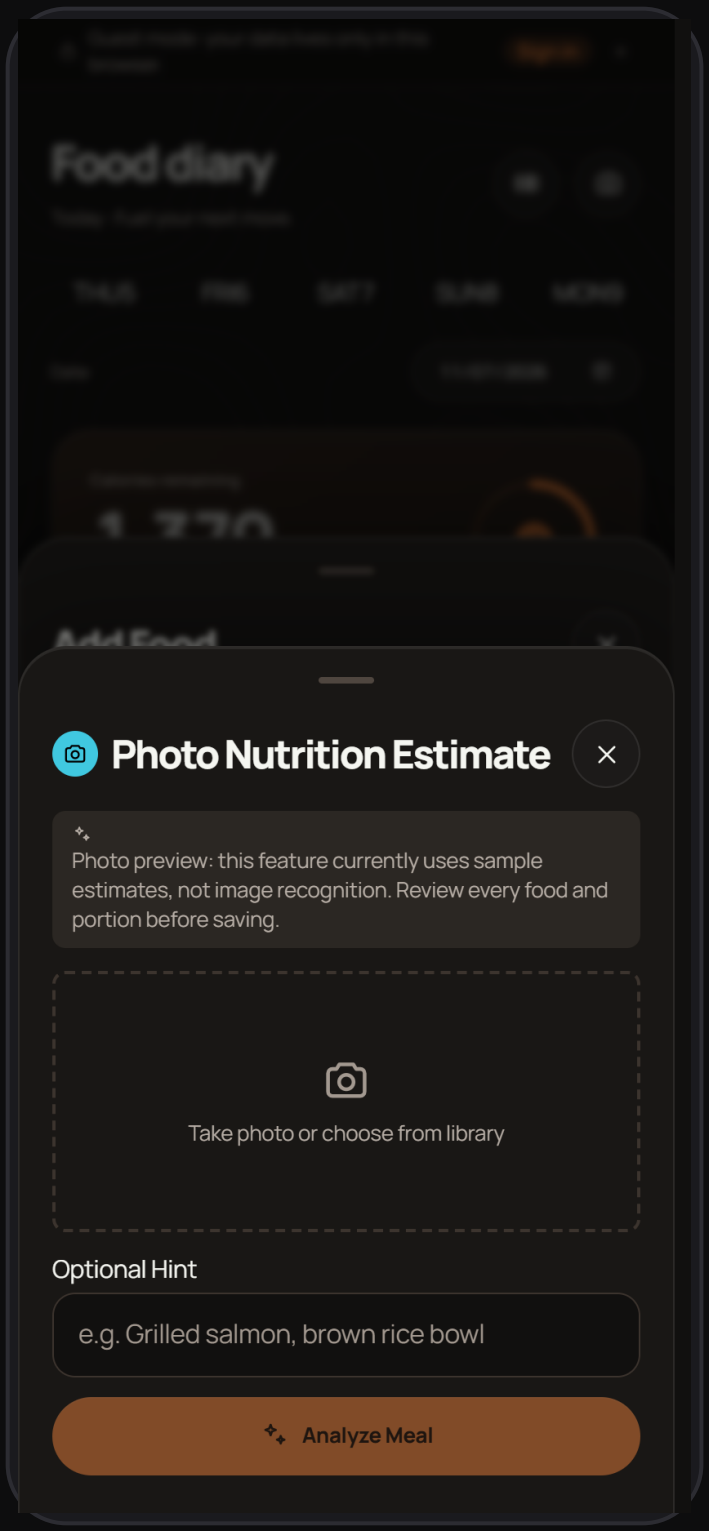

03 **Pre-fills brand name, serving size, and macros**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**13_barcode_scanner_modal.png**
Resolution	**824 × 1830 Native Hi-DPI**

AI Meal Photo Estimator

Snap or upload a photo of any meal to visually estimate ingredients, portions, and macro breakdown.

CORE CAPABILITIES

01 **Computer vision food portion detection**

02 **Mini liquid macro tubes confirming estimates**

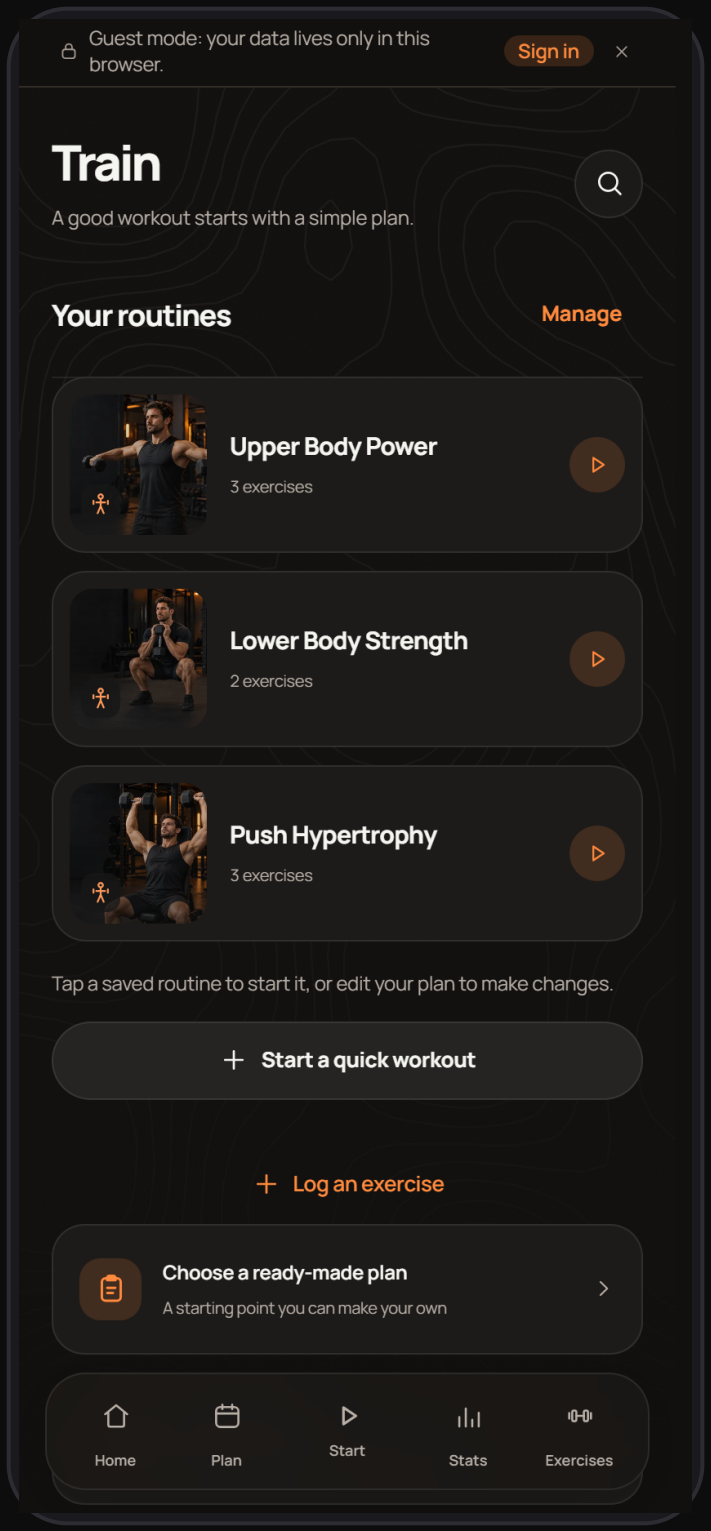

03 **One-tap log into diary with thumbnail**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**14_photo_estimate_sheet.png**
Resolution	**824 × 1830 Native Hi-DPI**

Workouts Directory & Routine Hub

Browse pre-built splits, active rotation queue, saved custom routines, and start freestyle workouts.

CORE CAPABILITIES

01 **Push / Pull / Legs, Upper / Lower, and 5x5 starter splits**

02 **Queue and rotation schedule manager**

03 **Quick-start freestyle session button**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**15_workouts_view.png**
Resolution	**824 × 1830 Native Hi-DPI**

Active Workout Session Tracker

Real-time in-gym logging with Swipe-To-Complete set completion, RPE ratings, auto-rest timer, and weight picker.

CORE CAPABILITIES

01 **StageShow Swipe-To-Complete gesture for set logging**

02 **Previous session performance memory and 1RM trackin**

03 **Interactive audio-haptic rest countdown timer**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**16_active_workout_session.png**
Resolution	**824 × 1830 Native Hi-DPI**

Weekly Plan & Day Scheduler

Interactive 7-day calendar organizer assigning routines, rest days, and rotations across weekdays.

CORE CAPABILITIES

01 **Visual weekday assignment grid with quick tap overrides**

02 **Integrated rotation queue for non-calendar schedules**

03 **Muscle frequency distribution indicators**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**17_plan_routines_view.png**
Resolution	**824 × 1830 Native Hi-DPI**

Routine Editor & Split Builder

Comprehensive routine builder: add exercises, configure target sets/reps, reorder by drag-and-drop, and assign covers.

CORE CAPABILITIES

01 **Add exercises from 5,600+ database with equipment filte**

02 **Target set count, rep range, and rest time configuration**

03 **Editorial workout cover art assignment**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**18_routine_editor.png**
Resolution	**824 × 1830 Native Hi-DPI**

Analytics & Progression Graphs

Scientific charting: estimated 1RM curves, workout volume progression, weekly streak charts, and fatigue indicators.

CORE CAPABILITIES

01 **Smooth vector volume and strength curves**

02 **Exercise-specific PR (Personal Record) history**

03 **Weekly lifting frequency and consistency analytics**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**19_stats_progress_view.png**
Resolution	**824 × 1830 Native Hi-DPI**

5,600+ Exercise Library

Complete searchable exercise encyclopedia with muscle targeting, equipment filters, and execution instructions.

CORE CAPABILITIES

01 **Categorized by Barbell, Dumbbell, Cable, Machine, and E**

02 **Step-by-step cues and primary/secondary muscle tags**

03 **Similar exercise swap recommendations**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**20_exercise_library.png**
Resolution	**824 × 1830 Native Hi-DPI**

Anatomical Muscle Heatmap & Recovery

Interactive front and back human body anatomical map coloring muscle groups by recent training fatigue and recovery.

CORE CAPABILITIES

01 **Vector anatomical map with highlighted muscle sheaths**

02 **Recovery status based on hours elapsed since last sess**

03 **Visual guide to ensure muscular balance across splits**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**21_muscles_heatmap.png**
Resolution	**824 × 1830 Native Hi-DPI**

Structural Balance Diagnostics

Charles Poliquin ratio analysis benchmarking Bench vs Squat vs Deadlift vs Overhead Press for injury prevention.

CORE CAPABILITIES

01 **Upper body push/pull ratio evaluation**

02 **Quadriceps to Hamstrings strength ratio analysis**

03 **Automated corrective routine suggestions**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**22_structural_balance.png**
Resolution	**824 × 1830 Native Hi-DPI**

Visual Progress Photos & Timelines

Encrypted on-device photographic timeline with front, side, and back pose comparisons over time.

CORE CAPABILITIES

01 **Side-by-side photo date comparisons**

02 **Front, side, and back pose tagging**

03 **100% on-device private encrypted storage**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**23_progress_photos.png**
Resolution	**824 × 1830 Native Hi-DPI**

Body Measurements & Circumferences

Anthropometric tape tracker: chest, waist, hips, arms, thighs, and calves with delta progress indicators.

CORE CAPABILITIES

01 **Multi-point tape measurement logger**

02 **Centimeter and inch dual unit support**

03 **Body fat percentage estimation formulas**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**24_measurements.png**
Resolution	**824 × 1830 Native Hi-DPI**

Settings, Account & Studio Preferences

Customization center: units, sound themes, rest timer alerts, local backups, gym check-in, and account management.

CORE CAPABILITIES

01 **Studio dark/light/seasonal theme toggles**

02 **Audio-haptic feedback and timer sound customization**

03 **JSON import/export and cloud synchronization**

TECHNICAL SPECIFICATIONS

Framework	**React 19 + Vite 8 (Ultra-fast SPA)**
Design System	**StageShow Athletic Dark Theme**
Typography	**Manrope 800 Tabular Numerals**
Asset Source	**25_settings_view.png**
Resolution	**824 × 1830 Native Hi-DPI**
